### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: with regard to claim 1, as discussed in the telephone interview on July 26, 2004, applicant's attorney explained that the command circuit is alternately connected to one of the plurality of sockets at a time when the unique addresses of the cards are being defined. The prior art shows that all of the cards are coupled to the command circuit at all times and are selected by card select type signals during the assigning of identification values.

2. The remainder of the claims were already indicated as being allowable in past Office Actions, and those reasons still apply.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
